The Auburn Public Library Association founded the Auburn Public Library in 1888.

### ITS MISSION:

To help provide the Auburn Branch with materials and equipment that cannot be paid for with tax dollars it receives.

We all know how important the library is, with its array of books, e-books, magazines, CDs, DVDs, computers, programs, and more, all shared in a well-lit, warm and welcome space.

In this economy, Auburn needs your assistance to continue offering these things. In a real community, everyone helps, and every little bit helps, so please join today.

There is no commitment; any contribution, at whatever level you can afford, shows that you care.
